ULBN Expands Premium Clean Beauty Portfolio, Introducing New 'Nourish & Glow Body Cream' Ahead of Beautyworld Dubai

DUBAI, UAE — Conscious skincare brand **ULBN** has revealed a new addition to its high-performance lineup: the **Nourish & Glow Body Cream**. Arriving just ahead of Beautyworld Dubai 2026, this clean, plant-derived body formulation expands the brand's footprint into advanced, head-to-toe body care, offering international distributors a complete wellness portfolio to preview at the show.

Designed as an elevated alternative to standard body lotions, the Nourish & Glow Body Cream delivers a luxurious, spa-like experience focused on intense hydration, environmental repair, and skin brightening. The formula stands out for its high-performance botanical blend:

- **Deep Hydration with Shea Butter:** Loaded with pure, raw Shea Butter to deliver intense moisture directly to dry, flaky skin cells, building an ultra-rich barrier against moisture loss.
- **Sun Tan Removal & Glow Accelerator:** Infused with high-potency Vitamin E to combat oxidative stress, fade dark spots, and visibly reduce stubborn sun tans while restoring natural luminosity.
- **Calms Irritation with Aloe Vera:** Formulated with cooling Aloe Vera extract to immediately soothe redness, calm skin irritation, and provide instant comfort after sun exposure.
- **Replenishing Sweet Almond Oil:** Powered by cold-pressed Sweet Almond Oil to boost skin elasticity and fill the skin with vital nutrients, leaving it remarkably soft and supple.
- **Soothing Lavender Aromatherapy:** Enriched with pure Lavender Essential Oil to calm the senses, absorbing beautifully in seconds without leaving a heavy, sticky, or greasy residue.

True to ULBN’s strict eco-conscious philosophy, the Nourish & Glow Body Cream relies on ethically sourced ingredients and clean formulation standards. Trade visitors and retail buyers attending Beautyworld Dubai will have the exclusive opportunity to be among the first to experience this new portfolio expansion in person.
